SUMMARY

Results-driven Informatics Engineering student at Tarumanagara University seeking opportunities to apply technical expertise in building interactive and user-focused web applications. Experienced in developing websites from scratch using HTML, CSS, and JavaScript. Strong command of English communication, with a persistent and resilient personality. Demonstrated ability in effective time management and a strong eagerness to learn and work hard to achieve goals.

WORK EXPERIENCE

Social Media Officer Intern, [Savvi Production] **April 2025 - June 2025**

- Supported the creation and execution of engaging content strategies for Instagram and TikTok.
- Organised weekly content calendars and wrote on-brand captions to maintain consistent audience engagement.
- Analysed social media performance reports to improve future content effectiveness and strategy alignment.

Teaching Assistant – Front-End Programming, Tarumanagara University **Aug 2025 - Dec 2025**

- Assisted lecturers in delivering materials and practical sessions on HTML, CSS, and JavaScript.
- Guided students in understanding the fundamental concepts of front-end programming.
- Evaluated assignments and practical exams while providing constructive feedback.
- Supported class activities through Q&A sessions and technical consultations.

Research and Community Outreach Assistant, Tarumanagara University **June 2024 - ongoing**

- Collaborated with faculty members to support research socialization and community engagement activities.
- Assisted in introducing and promoting Vicara, a lecturer-developed application, to local communities.
